

Fluorinated solvents				
References	Flash point	Chlorinated solvent substitute	Fluorinated solvent substitute	Applications
Based on perfluorinated				
C6F14, dielectric quality	x	x	high grade 113 , high grade perfluoropolyether, high grade perfluorinated	Insulating fluid for high voltage applications
SOLREM C	x	x	113, 141b, perfluoropolyether, perfluorinated, hydrofluoroether	Precision cleaning, fluorolubricants deposition, particulates removal
Based on HFC				
Mélange HFC 4310/365	x	x	141b, hydrofluoroether	Precision cleaning and rinsing agent
SOLTREL RF	x	x	141b, hydrofluoroether	Particulates removal
SOLREM 3 CL	x	Methylene chloride, Trichloroethylene	Methylene chloride, 113 and 141B azeotrope	Degreasing, metals and some plastics cleaning
SOLREM 4 DP	x	x	113/141b	Degreasing co-solvent. Rinsing with VERTREL® XF.
SOLREM 4 I 20	x	x	113 or 141b in non-azeotropic mixture with IPA (113 i 20 and 141B i20)	Used for absorption drying to remove low levels of moisture/water

Fluorinated solvents				
References	Flash point	Chlorinated solvent substitute	Fluorinated solvent substitute	Applications
Based on HFC				
SOLREM 43 M	x	x	x	Rinsing agent for SOLREM EPDG and SOLREM 62 (Pseudo-azeotropic mixture)
SOLREM 4310 V 40	x	x	x	Silicone oils removal
SOLREM XDF-0	-8°C	x	x	Complement for Vertrel® X-DF dryer tanks, no additives
SOLREM XDF-5	-8°C	x	x	Complement for Vertrel® X-DF dryer tanks, 500 ppm of additives
SOLREM XDF-D	-8°C	x	x	Complement for Vertrel® X-DF dryer tanks, 1000 ppm of additives
